

K-LOVE has been a positive influence on the the music our students listen to. There would be no way to replace K-LOVE if you went to LPFM broadcaster. K-LOVE is a vital to the public interest of our community by giving young people an option to listen to positive music with encouraging words. My children have listened to K-LOVE for years and it has been a blessing to us. Please do not allow LPFM stations to take priority of over the current FM translator service.

Sincerely,
Brad Croxford
Teacher/Father
